

Special Program for promotion of Millets in Tribal Areas

Client:

Location: Odisha

Contributes to SDG(s)

ISSUE

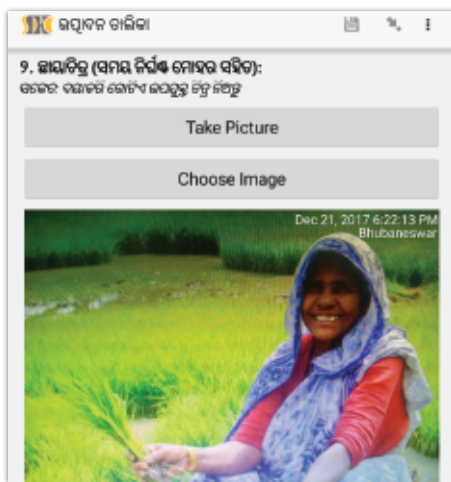

Paddy gaining importance in the Public Distribution System (PDS) has resulted in reduced consumption of millets, resulting in extreme cases of nutritional deficiency.

Wassan envisaged to revive the millets on the following aspects:

- 1) Registration of farmer
- 2) Farmer taking entrepreneurial activities
- 3) Building seed center for availability
- 4) Production on the seed and finished products
- 5) Training of the farmers to revive millets

These aspects were unbalanced to achieve.
